COMPANY
PROFILE**

www.tenagasolar.com

HI THERE!

At Tenaga Solar Jaya Maju Sdn. Bhd., we believe in empowering lives and businesses through clean, sustainable energy solutions. Established in 2020, with roots in the solar industry dating back to 2011, we are committed to being a driving force in Malaysia's transition to renewable energy.

Our journey is guided by a clear vision: to make renewable energy affordable, accessible, and impactful for all. By delivering innovative and reliable solar solutions, we aim to reduce carbon footprints, enhance energy efficiency, and contribute to a cleaner, brighter future for generations to come.

This company profile highlights our mission, core values, achievements, and the comprehensive solutions we provide. It is designed to give you an insight into our operations, technological expertise, and unwavering commitment to excellence in serving our clients.

JOIN US IN ENERGISING LIFE WITH SOLAR AND SHAPING A SUSTAINABLE TOMORROW!

VISION

"To lead the transition towards sustainable living by making renewable energy affordable, accessible and impactful for all"

MISSION

"Delivering quality, reliable and customised solar solutions that maximise savings, minimise carbon footprints, and contribute to a cleaner, brighter future"

CEO MESSAGE

It gives me great pride to welcome you to Tenaga Solar Jaya Maju Sdn. Bhd. As we continue to grow and evolve, our focus remains steadfast: to deliver sustainable, reliable, and innovative solar energy solutions that empower lives and contribute to a greener planet.

Since our humble beginnings in 2011, we have built a strong foundation rooted in quality, integrity, and commitment. With the official establishment of our company in 2020, we have expanded our capabilities and reached new milestones, becoming a trusted partner in Malaysia's transition to renewable energy.

At Tenaga Solar Jaya Maju, we see ourselves not only as providers of solar technology but as enablers of sustainable living. By offering a one-stop solution for solar and renewable energy needs—from design and engineering to installation and maintenance—we aim to simplify the adoption of renewable energy for homes and businesses alike.

The road ahead is filled with opportunities and challenges, but we are confident in our ability to rise above them. Our plans to diversify into energy efficiency services and other renewable energy segments is in line with National Energy Transition Roadmap (NETR) and reflects our commitment to staying at the forefront of the industry while delivering meaningful impact to our clients, communities, and the environment.

On behalf of the entire team at Tenaga Solar Jaya Maju, I thank you for your trust and support. Together, let us energise life with solar and work toward a sustainable future for all.

D. KARUNANEETHI- CEO
Tenaga Solar Jaya Maju Sdn. Bhd.

★★★★★ a month ago

Friendly and very efficient team in carrying out the installation exercise of our Solar Power System. The team had been very responsive and helpful in undertaking all the tasks for my solar power system. They'd efficiently installed the system until the final smoothed switching on of the operational system. The great technical advices from the attended technician/ engineer on how to self monitoring on the operation of the system via the SolisCloud Application is very useful.. Great job !!!!

It has been a great pleasure working with staff of Tenaga Solar Jaya Maju Sdn. Bhd. Our special thanks to Hasrul who had patiently explained and answered all our questions regarding solar panels. Tenaga Solar through Hasrul is always in contact and kept us updated of each phase of the project. What is important to us is they delivered and successfully completed the project within the time frame, budget and with great professionalism. Our greatest appreciation and thank you to Tenaga Solar Jaya Maju. We look forward to working with you in the near future.

Azhar Abdullah recommends Tenaga Solar Jaya Maju Sdn Bhd.

November 6, 2024 · 🌐

I have used solar panels installed by TSJM for approximately 6 months now and the results have been amazing! I have been saving slightly more than 55% in my electricity bills monthly ie. my savings have been over RM1K consistently each bill. The savings have been even slightly higher than what was anticipated albeit the rainy season we have been experiencing lately.

TSJM was represented by a very helpful sales advisor ie Prasham who was excellent in guiding me through the proposal, quotations and finally the installation. He has also been very diligent in following up with me to ensure everything was working well.

I am very pleased and satisfied with the product and services provided. In fact, once this rainy season is over, I am looking forward to enjoying even better savings monthly

Thank you TSJM & Prasham 🙏

All I can say is, I'm very satisfied with their service. Since I know nothing about this solar system thing, they're very patient in explaining and answering all my questions every now and then.

I recently had a solar energy system installed by Tenaga Solar Jaya Maju, and I couldn't be more pleased with the entire experience. From the moment I reached out for a consultation, their team was professional and thorough in explaining the benefits, process, and potential savings. The installation itself was efficient and completed on time. The system has been working flawlessly, and I've already seen a noticeable drop in my electricity bills. I highly recommend Tenaga Solar Jaya Maju for anyone considering a solar energy solution! Thank You Tenaga Solar Jaya Maju! Kudos to the team!
